## DOMINION ORDERS IN COUNCIL.

## AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 2nd day of June, 1909.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

**THE** Minister of the Interior, under date 19th May, 1909, states that W. A. Rannie, Esq., of the City of Vancouver, in the Province of British Columbia, contractor, has applied to purchase, subject to conditions of reclamation, certain Dominion lands, situated in that portion of the District of New Westminster, in the Dominion Railway Belt, in the Province of British Columbia, known as the Pitt River Meadows, and being portions of Townships 40 and 42, east of the Coast Meridian, as set out in the accompanying schedule marked "A," and comprising approximately 6,821.2 acres. The application in question is made with the view of carrying out by a system of dyking and draining, the reclamation of these lands, and of their utilisation for agricultural and industrial purposes, it being represented that they are now liable to overflow from Pitt River and Lake, and that their value will be greatly enhanced by a proper system of reclamation.

The Minister further states that he has had a survey and examination made of the lands in question and is of the opinion that if successfully carried out, the reclamation of the said lands will be in the public interest.

The Minister, therefore, recommends that such portions of these lands as are available and can be reclaimed, be sold to the said W. A. Rannie, at the rate of \$1.50 per acre, upon the following conditions:—

(1.) The work of reclamation shall be commenced within eighteen months of the date of the approval hereof by the Governor-General in Council, but before the commencement of such work, and within six months of the date of the said approval, copies in duplicate of all plans, profiles and estimates of costs, for the above-mentioned work, including a plan showing the lands proposed to be reclaimed, shall be furnished the Minister of the Interior for his information:

(2.) The applicant to complete in a substantial and efficient manner the works for the dyking, draining and reclamation; and for the protection from flood water thereafter, of the lands contained in the accompanying schedule, and to complete the dyking, draining and reclamation of the said lands, to the satisfaction of the Minister of the Interior, within a period of four years from the date of the approval hereof:

(3.) The applicant to repair all injury, directly or indirectly caused to any highway or road, by reason of the said reclamation works:

(4.)
